Dear friends!

Thank you for nice days in Kongshaug , Norway last summer. It was days were we builded christian fellowship and made good things together.

I like to tell you what has happened with this knittingwear after we were together.

We made a lot of patches for children in Estonia who need warm blankets in wintertime.

Kjellrun Skagseth Kolås has made 17 blankets from all patches we knitted. Thank you for your

important work for children in Estonia. Thank you to all of you who want to continue this support for kindergarden. I am so thankful for all . If some of you want to do something , take contact with me. Phone nr : + 4792601003.

Thanks to Virve, who gave us this good idea to make this gift for children.

My sisterhood: Diakonifelleskapet Diakonova had our conferance in september and we took part of this knittingwork too

From Oppdal , sept 2015. This work has given fellowship and friendship. Thank you to all of you in DFD.

The 9. october we visited kindergarden in Tapa Estonia and gave all 17 blankets to the children.

Every child became a blanket with their name on it and they were very happy. It is 16 children in Trønderikodu lapseaed and they are from families with difficulties. It is good that we have possibility to help this children.

This kindergarden has been working 14 years in 2016, all time with help from Norway.

Kjellrun and Trygve Kolås and Ann-Elin and Audun Slettahjell visited kindergarden this day.

The leaders send a lot of greetings and say thank you so much for this big gift.

Thank you to all of you who took part of this knittingproject last summer.

I wish you all a good new year under Gods blessing. We pray for safety for all refugees and peace in our world and that we can share with eachother and take care of people who need care. That is diaconia in practise.

Greetings with Matt. 25. 37-40.

All the best to all of you
